

HAMZAOU MOETEZ

Bachelor's Graduate — Software Engineering & Information Systems

✉ hamzaouii.moetez@gmail.com | 📞 +216 95 200 179 | 📍 Monastir, Tunisia | 🔗 LinkedIn | 🐙 GitHub

OBJECTIVE

Bachelor's graduate in Software Engineering and Information Systems from the Faculty of Sciences of Monastir, with hands-on experience in full-stack web development, artificial intelligence integration, and Agile project management. Passionate about designing modern software solutions, I gained solid experience during my final-year internship at ACTIA Engineering Services, where I developed a complete full-stack application end to end.

I am seeking an **apprenticeship** to further develop my skills in a stimulating professional environment while contributing to high-impact projects.

SKILLS

Languages	Python, Java, JavaScript, C, C++, C#, .NET
Backend	Node.js, Express.js, Java (Spring Boot), PHP, JavaEE
Frontend	React.js, JavaScript, CSS, Tailwind CSS
DB & Tools	PostgreSQL, MySQL, MongoDB, Oracle, Git/GitHub, Postman, Docker
Other	Workflow Automation (n8n), Scrum/Agile, Problem Solving (LeetCode)
Spoken Languages	Arabic (native), French (fluent), English (fluent)

EDUCATION

Faculty of Sciences of Monastir (FSM) 2023 – 2026
Bachelor's in Software Engineering & Information Systems (Graduate) Monastir, Tunisia

Key modules: Advanced Algorithms, Object-Oriented Programming, Web Development, UML & Software Design, Databases, Operating Systems, Networks.

Jedlienne High School 2023
Baccalaureate in Computer Science Jedlienne, Tunisia

Secondary education with solid foundations in algorithms and computer science.

PROFESSIONAL EXPERIENCE

Final-Year Internship (PFE) — ACTIA Engineering Services February 3 – May 22, 2026
Full-Stack Developer — Quality Management System Document Management Application Monastir, Tunisia

Development of a document management application dedicated to the Quality Management System (QMS) compliant with ISO 9001, as part of the final-year internship project.

ACADEMIC PROJECTS

DMS Application — Quality System ISO 9001 (Final Year Project) 2026
Node.js, Express.js, React.js, PostgreSQL, Docker, NLP, Scrum

Electronic Document Management System (DMS) developed for ACTIA Engineering Services, compliant with ISO 9001. Final-year project defended on June 10, 2026.

TrueCare AI — Medical Reimbursement Analysis 2025
Python, Machine Learning, NLP

Predictive AI solution based on machine learning, including document analysis, regulatory compliance, and medical fraud detection.

Hotel Management System 2024
Java, JavaFX, MySQL

Desktop hotel management application enabling real-time tracking of staff, rooms, reservations, and availability.
